

# FOR COOLING OUT LOUD

## SPAL Gets Heavy Duty

James Bowett is getting to the heart of the construction off-highway sector by showcasing SPAL's high-performance fans and blowers at the live final of the UK Plant Operator of the Year 2022.

Although the range has been keeping machinery and operators cool and comfortable for decades, many people in the industry remain unaware they have world beating thermal management and HVAC onboard.

By sponsoring the competition and exhibiting at the event finals among leading construction equipment manufacturers and watching demonstrations of plant operator's skills; SPAL will be well placed to encourage the sector to think 'SPAL' at replacement time.

On the stand, James will be handing out some goodies and finding out what people know about SPAL products with the offer to be entered in a prize draw to win a £50 voucher for a meal at Masters of Steak, Miller & Carter. In other words - we'll give you a feed if you give us some feedback!

Come along and join in the fun at O'Brien's Quarry in Leighton Buzzard on Saturday 10th September, 2022.
