

# FOR COOLING OUT LOUD

## New Look Website

We've just re-launched the SPAL UK website to make it much easier for visitors to find what they need as well as simplifying the navigation so that it downloads more quickly for our mobile users when they are out and about.

**Take a tour of the improved visitor experience and send us any feedback**

## Harper Adams Scholar pops in for tea

Engineering student Mitchell Porter-Keel the winner of our scholarship with leading agricultural university Harper Adams dropped in for a cuppa this week to check out our operation and connect with our industry networks. We are introducing him to the Motorsport Industry Association so he can build up his contacts and explore opportunities for after he graduates.

### Ami Unveiled

The exquisite restoration of the 1932 BMW hillclimb sprint car Ami - sister to Heidi - after pandemic interruption is finally ready for her close-up. Spot the SPAL fan that keeps that classic engine ticking over nicely. She will be out sprint racing in no time. Stay tuned for updates.

### Cool guy says...

A postpones event is sweeter when it finally happens
