

FOR COOLING OUT LOUD

Vehicle Electrification Expo 7-8 July - Cancelled

With restrictions remaining in place until 19 July, the V E Expo has been moved to 2022 so we have been pondering on the progress made towards zero emissions and intrigued by the notion that when it comes to future propulsion, unless the infrastructure falls into place for electric in a timely fashion, hydrogen could overtake it. Will we be faced with a 21st century version of the competing technologies of VHS versus Betamax?

SAGE 2021

Thankfully the Sports and Grounds Expo is going ahead and will officially be the SPAL roadshow vehicle's first outing. Adam Betteridge is our intrepid man on the 'ground' and he is even planning to camp for the duration. See you at the UK's largest outdoor exhibition in the industry, Three Counties Showground, Malvern 27-29th July

Nicky Grist Stages

Best of luck to our seeded rally contender Rob Wilson and co-driver Martin Haggett on 10th July for the Nicky Grist Stages, part of the BTRDA Gravel Rally Series. There will be no spectators, but over 180 competitors from some of the UK's biggest teams will be raring to go with all that pent up post-lockdown energy at the Built Wells showground.
